You can choose to allow the movement of applicants to other organisation accounts.

In your organisations account, you can choose one of the following options:

- yes

The default setting is 'No'. If you change this setting, it only applies to your new job listings.

If you've selected 'Yes', this will allow the movement of applicants to other organisation accounts.

If you've selected 'No', this won't allow the movement of applicants to other organisation accounts.

To find out which roles can do this, go to the '**Roles and permissions**' link in the '**Help and information**' section of the [employer dashboard](#).
